CERTIFIED MAIL – RETURN RECEIPT REQUESTED

(NAME of Property Owner)
(ADDRESS of Property Owner)

Subject: Water Well Survey for Properties Near the Casmalia Site.

Dear (NAME of Property Owner):

On behalf of the Casmalia Site Steering Committee (CSC), URS Corporation (URS) is conducting a survey of water supply wells located within a three mile radius of the Casmalia site. This work is being completed under oversight of the United States Environmental Protection Agency (USEPA) as part of the ongoing Remedial Investigation for the Casmalia Site.

You have been sent this letter because the latest Santa Barbara County Assessor records indicate that you own property within a three mile radius of the former Casmalia disposal facility.

The CSC and USEPA would appreciate your assistance in creating an inventory and information data base of all water supply wells (e.g., domestic, irrigation, agricultural) within this three mile radius area of interest. URS is responsible for collecting, summarizing, and reporting this information to the USEPA.

We would like to confirm whether you have any water supply well(s) on your property. The CSC respectfully requests your assistance in this important information gathering process and requests that if you do have any water wells that you **contact Vic Paulson of URS at (805) 349-7000**. Please indicate you are calling about the Casmalia well survey. Your response within 30 days would be greatly appreciated.

Thank you in advance for this assistance.

Regards,

Corey Bertelsen
Casmalia Project Coordinator
